

## NEXT STEPS

### Where We Work

We have a clinic location in central Maroochydore including a gym or for convenience, our clinicians can come to you anywhere across the Sunshine Coast.

### Funding Options

All participants with a current NDIS plan and approvals in place for Therapeutic support and/or Assistive Technology are funded by the NDIS.

If you are not eligible for the NDIS there may be other funding support available to you through Medicare, Private Health Insurance and/or DVA.

# NDIS

## ENABLEMENT

## Your registered NDIS provider on the Coast.

SMART SOLUTIONS  
REHAB GROUP

## WHO WE ARE

Smart Solutions Rehab Group is a multi-disciplinary Allied Health private practice offering both mobile and clinic services on the Sunshine Coast.

Our team is highly trained and dedicated to bringing you the very best in evidence based Allied Health services including:

- **Occupational Therapy**
- **Physiotherapy**
- **Speech Pathology**
- **Social Work**
- **Dietetics**
- **Podiatry**

## NDIS

Smart Solutions Rehab Group is a local and registered provider for the NDIS.

NDIS is about **enablement** and supporting individuals to lead an 'ordinary' life through access to the supports, therapy and assistive technology that they may need.

We are registered for a range of NDIS approved services including:

- **Therapeutic Supports** - including Occupational Therapy, Physiotherapy, Speech Pathology, Dietetics, Social Work and Podiatry
- **Assistive Technology** - including scripting of power drive wheelchairs, postural seating, mobile shower commodes, scooters, electric adjustable beds and recliner chairs
- **Home Modifications** - including grab rails and ramps through to complex home modifications including wheelchair accessible bathrooms, kitchens and laundrys.

## HOW WE WORK

When we meet you, we work closely with you and your significant others to firstly understand your goals. Whether those goals include - going down to the beach, joining a social group, moving out of home, going to the library, cooking your own meals, moving around your own home more safely and independently and/or getting out to the shops - we have the allied health services to assist you.

Sometimes one service will be your primary need (ie Occupational Therapy) and other times a combination of services (ie Occupational Therapy and Physiotherapy) will assist you to reach your goals more effectively.

From here, a plan is developed and your clinician commences working alongside you to assist you to meet your goals at a pace that suits you.

### Who We Work With

We have a broad range of experience and skill in working with people with Intellectual Disability, Cerebral Palsy, Parkinsons Disease, Stroke, Acquired Brain Injury, Motor Neurone Disease, Dementia, Amputations, Spinal Cord Injuries and a range of other conditions.
